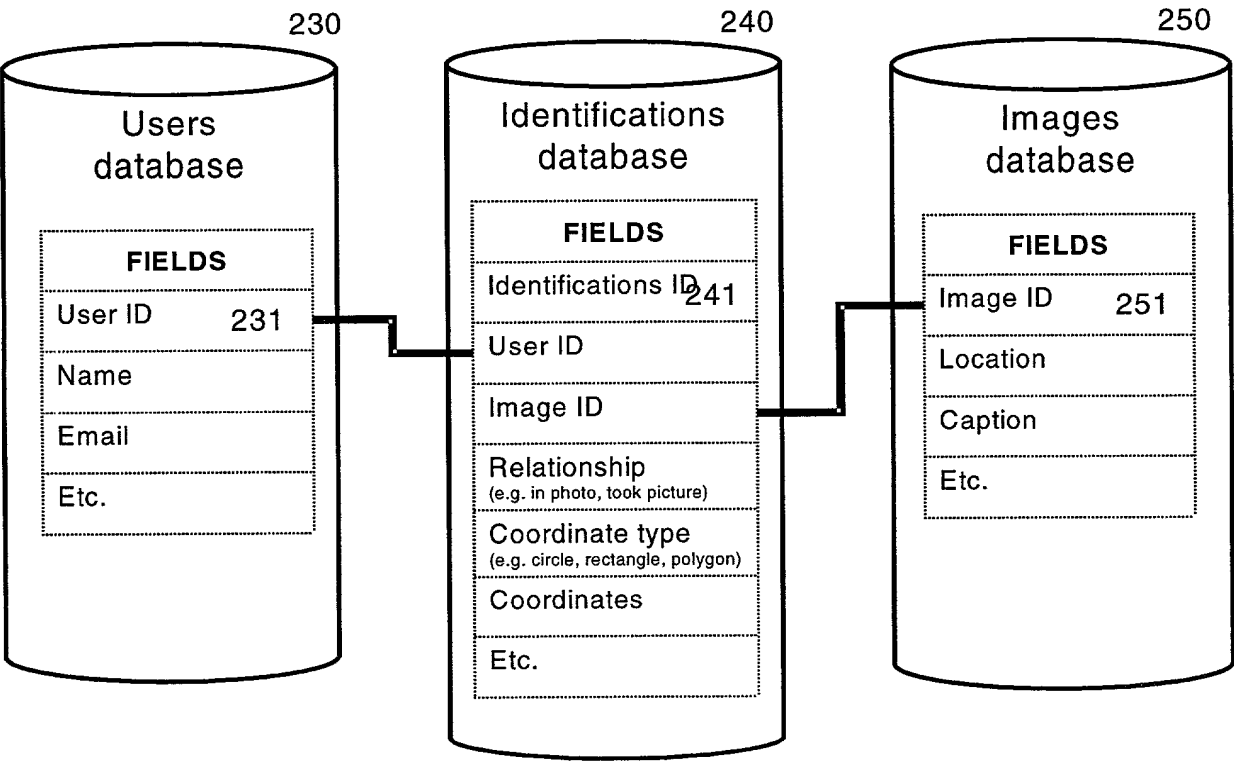

Figure 3

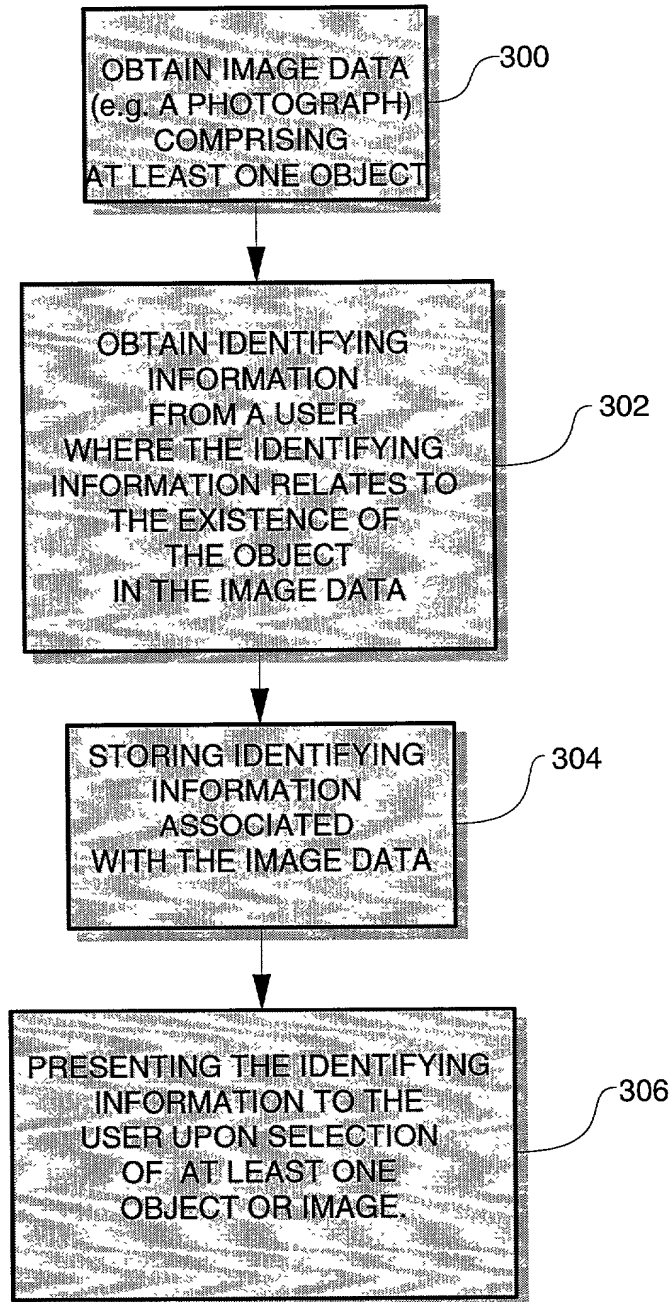

Figure 4

The figure shows a graphical user interface (GUI) for a contacts application. The interface is contained within a window with a title bar at the top. The title bar includes a small square icon on the left and three standard window control buttons (minimize, maximize, and close) on the right. The main content area of the window is divided into several sections. On the left side, there is a rectangular box (labeled 34) containing two stylized human figures, one male and one female. Below this box is a rounded rectangular button (labeled 38) with the text "SUBMIT". On the right side, the word "CONTACTS" (labeled 36) is displayed in a large, bold font. Below the header, there is a vertical list of seven items, each preceded by a radio button. The items are: "John Doe", "Jane Doe", "#3", "#4", "#5", "#6", and "#7". The radio button next to "Jane Doe" is selected, indicated by a dot in the center of the circle.
